

NORMALCY FUND

Lakeshore Foster Families and Friends understands the importance of providing opportunities for children in foster care to engage in activities that promote their social, emotional, and cognitive development, as well as their sense of normalcy and belonging.

We are pleased to offer up to \$100 reimbursement for eligible normalcy activities that you organize for the children in your care. Each child is eligible for a maximum of \$100, which can be a combination of several normalcy activities totaling \$100.

We are able to offer this opportunity due to the generous support from the Green Bay Packer Foundation. This is a limited opportunity and funds will be approved based on a first come, first serve basis.

Eligible activities may include:

- Recreational outings (e.g., trips to the zoo, amusement parks, sporting events)
- Cultural events (e.g., museum visits, theater performances, community festivals)
- Educational workshops (e.g., art classes, STEM programs, cooking lessons)
- Extracurricular activities (e.g., sports leagues, music lessons, scouting)
- Other Misc Items (e.g., yearbooks, school pictures)

To qualify for reimbursement, please follow these steps:

1. Plan and organize a normalcy activity for the child in your care.
2. Keep receipts and documentation of expenses related to the activity.
3. Complete the reimbursement request form for up to \$100, including details of the activity and expenses.
4. Submit the reimbursement request form and supporting documentation:
